Clinical Specialist – Diabetic Pedicure (Part-time)

Muncie

The Clinical Specialist – Diabetic Pedicure is responsible for making patients feel comfortable during the visit, directing patients while in the clinic, and performing initial assessment and intake of information to determine if the patient is eligible for a medical pedicure. Individuals in this role will provide diabetic foot care for patients following established standards and practices. This individual is responsible for delivering patient care, managing the patient schedule and ensuring that appointments are scheduled within defined guidelines by insurance or per physician direction. This position is responsible for maintaining and updating patients records with a high degree of accuracy in a timely and efficient manner.

CERTIFICATION/LICENSE REQUIREMENTS

Required to maintain current CPR and Emergency First Aid certifications.

Specific licenses and/or certifications applicable may be one of the following:

- Possession of State Licensed Practical Nurse license (LPN)
- Certification from the American Association of Medical Assistants
